- Settlement Agreements
- Tribunals & Courts

What We Do

# Employment

Laytons' specialist employment lawyers combine in-depth knowledge with the complementary skills of the firm's dispute resolution, commercial, intellectual property, pensions and tax lawyers to support you in all aspects of employment related matters.

## Looking after your day-to-day needs

We understand that the effective management of employment issues can be crucial. We build long term relationships in order to understand what is important to you and how you wish to work. Working with you in this way means you are provided with a proactive legal service which is based on technical excellence, while remaining creative, effective and sensitive to the needs of the relevant matter. So our legal service truly adds value.

## Clients

Our employment lawyers serve a broad range of clients, including international corporations, businesses of all sizes, charitable organisations and individuals.

## Your problems solved

Our philosophy is to avoid problems rather than merely resolve them. You benefit from legal advice combined with wider practical awareness so that we provide solutions, not just information.

## Planning for the Future

Employment Law is regularly dictated by Europe and both legislative changes and case law developments are frequent and wide-ranging. The Group provides you with information, employment documentation and advice which is designed to help you prepare for these changes.

## Delivering Results

Work we typically carry out for clients includes:

- Documentation
- Dispute resolution
- Termination
- Boardroom Disputes
- Discrimination
- Enforcement
- Work permits, executive immigration
- Training, reports and publications
